Senior Move Package 3:

\$2,200.00

For moves to a 3 bedroom - (2-3 man crew - 16 hrs)

Hours limited to max - 26 hrs

All packages include the following on the next page:

Overall Move Plan: I map out and help with all parts of your move from the beginning to the end. This includes: downsizing help, planning space, packing/unpacking and setting up your new home. In addition, I provide you with a NASMM (National Association Senior Move Managers) list of preferred moving companies.

Downsizing Help: I apply a system that makes the downsizing process easier. In addition, I provide you with a list of “essential items” to help think through everything you might need in your next home.

Space Planning: This is where I measure your new home floor plan as well as the furniture you desire to move over. I create a visual floor plan for all furniture placement and present it to you. We work out any details and make any necessary modifications as needed.

Packing and Unpacking Work: My crew and I help licensed movers pack to keep things flowing. We handle items that you might call ‘soft’ or non-breakable. We leave the furniture and delicate things to the movers.

Home Design/Set-up: Hired movers are guided and supervised as they bring in the furniture and boxes. Unpacked boxes are immediately removed from the space. Your items are put away according to where they belong. Finally, the pictures are hung on the wall and your bed is made. With that, your home is ready to enter and enjoy!

Initial Set-Ups and Trouble Shooting: Work orders are placed, if needed. These are directly related to hook-ups, for example; your internet, cable or phone services. We will work to make sure services are in process and they will be connected in a reasonable time. We will also facilitate needed repairs in the new residence.

NOTE: When clients move in on a Friday they often must wait over the weekend for some or all of those services to be hooked-up. Moving earlier in the week helps with wait times.

Below is **MORE INFORMATION** which should be placed into a contract form. The following fees and services are included in package deals:

- *Administration fees*
- *Drive fees: 60 minutes of total drive time on the day of the move*
- *Some packing supplies are included while others are not. Included: ziplock bags, packing tape, nails, labels, packing paper, wardrobe boxes, recycled moving boxes and bins. However, special sized boxes or materials which are needed specifically for your move will need to be purchased. If we purchase these we will inform you prior the purchase and present you with a itemized list upon asking for reimbursement.*

- *Packing supplies are removed and recycled*

NOTE: If additional hours are needed, they can be purchased for \$125 per hour for a 2 man crew or \$175 per hour for a 3 man crew. Charges are figured in 1/4 hour (15 minute) increments as needed.

Life Simplified 101 also does estate clearing. Estate clearing is a separate session and not included in any of the Senior Move Packages.

If you hire us to do your senior move let us also give you a plan of action and estimate for your estate clearing. We believe we can save you some of the costs related to these jobs by mapping out a systematic plan that saves clients money in the long run.
